

Sprinkler air compressor

· Certificate:

ISO

- · Standard:
- · Material:
- · Feature:
- Low noise, low Amp draw, high efficiency motor White painted

Carbon steel

Refer to NFPA 13, UL 1450

· Surface:

Available size

Power (HP)	Voltage (V)	Speed (RPM)	Capacity (CFM)	Working pressure (psi)	Outlet	Dimension L*W*H (mm)	Ref. No.
0.75	110 / 220	1450	3.3	115	1/4", G	457*381*381	V9201
1	110 / 220	1720	4.8	125	1/4", G	423*420*385	V9202

Dry pilot actuator

- · Certificate:
- UL Listed / FM Approved · Standard: Refer to UL 260, FM 1011/1012/1013
- · Material: Bronze body and cover,
 - Nylon diaphragm
- Function: Auxiliary releasing device for deluge and preaction valve

VdS

- W. pressure: 250 psi, water, etc.
- · Surface: Rough bronze

Available size

Inlet	Pilot line connection	Outlet to drain	Inlet water pressure	Air (Nitrogen) pressure	Ref. No.
1/2" NPT	1/2" NPT	1/2" NPT	250 psi	50 psi	V9301 (UL/FM)

Note: It is UL/FM certified when used with specific deluge valve and preaction valve.

V92-93/
