

Self-inducting air-aspirating foam nozzle (Pistol grip)

- Certificate: ISO
- Standard: Refer to NFPA 11, UL 162, GB 50151
- Material: Aluminum body, rubber handle and bumper, with 2.0L foam concentrate can
- Feature: Self-contained, straight jet
- W. pressure: 200 psi
- Surface: Hard anodized

Available size

Flow @ 100 psi (gpm)	Material	Water inlet	Foam concentrate inlet	Proportioning	Ref. No.
12	AL	1" BSP	Quick connection	0.5% ~ 6%	B2601 (ISO)

Non self-inducting air-aspirating foam nozzle (Dispersion jaw)

- Certificate: ISO
- Standard: Refer to NFPA 11, UL 162, GB 50151
- Material: SS air aspirating tube and dispersion jaw, rubber handle
- Feature: Straight jet, fan spray
- W. pressure: 200 psi
- Surface: Hard anodized

Available size

Flow @ 100 psi (gpm)	Material	Water inlet	Foam concentrate inlet	Proportioning	Ref. No.
60-125	SS	1-1/2" NH	/	0.5% ~ 6%	B2701 (ISO)
60-125	SS	2-1/2" NH / BS336 / Storz	/	0.5% ~ 6%	B2702 (ISO)
