

Fluoroprotein foam concentrate (FP)

- Certificate: UL Listed
- Standard: NFPA 11, UL 162, GB 15308, etc.
- Fire rating: Class B fire of hydrocarbon
- Feature: Low expansion, suitable at solution in fresh, sea or hard water
- Temperature: 1.7°C ~ 49°C in storage and use
- Packing: Jerry can / drum / IBC tote

Available size

Concentrate type	Concentrate % in water	Hazard hydrocarbon	Hazard polar solvent	Pour point	Packing volume (L)	Ref. No.
FP 3 C6	3%	Yes	/	-7.0°C	20 / 200 / 1000	B9301 (UL)
FP 6 C6	6%	Yes	/	-7.0°C	20 / 200 / 1000	B9302 (UL)

Film-forming fluoroprotein foam concentrate (FFFP)

- Certificate: UL Listed
- Standard: NFPA 11, UL 162, GB 15308, etc.
- Appearance: Class B fire of hydrocarbon
- Feature: Low expansion, suitable at solution in fresh, sea or hard water
- Temperature: -6.7°C ~ 49°C in storage and use
- Packing: Jerry can / drum / IBC tote

Available size

Concentrate type	Concentrate % in water	Hazard hydrocarbon	Hazard polar solvent	Pour point	Packing volume (L)	Ref. No.
FFFP 3-C6	3%	Yes	/	-7.0°C	20 / 30 / 100	B9401 (UL)
FFFP 6-C6	6%	Yes	/	-7.0°C	20 / 30 / 100	B9402 (ISO)
