

Riser clamp

Riser clamp is designed for supporting and stabilizing vertical pipe runs, and normally it is not used with hanger rod. Its ears have been extended to permit the transfer of the piping load to a bearing surface.

- Certificate: UL Listed / FM Approved
- Standard: UL 203, MSS SP-58/69 (Type-8)
- Material: Carbon steel
- Surface: Pre-galvanized / electro-galvanized
- Application: Vertical riser
