

Petrolatum tape

Anti-corrosive petrolatum tape is a good coating to protect steel pipes buried or above ground. It can well preserve the pipe appearance and extend the service life of the pipe.

- Certificate: ISO
- Standard: Refer to ASTM D1000
- Material: Petrolatum paraffin oil, preservative, synthetic fiber, etc
- Feature: Cold wrapping, UV-resistant
- Temperature: Max 70°C

Available size

Pipe to be wrapped		Length	Thickness	Breaking strength	Ref. No.
NPS	DN	m	mm	Min.	
2"	50	10	1.15	200N / 50mm	P9101
4"	100	10	1.15	200N / 50mm	P9102
6"	150	10	1.15	200N / 50mm	P9103
8"	200	10	1.15	200N / 50mm	P9104
12"	300	10	1.15	200N / 50mm	P9105
