

## Pressure gauge connection assembly

- Certificate: ISO
- Standard: Refer to UL 393
- Construction: A pressure gauge, a stainless steel ball valve, and matched copper or stainless steel tubing
- Function: To equip with PRV to read inlet or outlet pressure value
- Temperature: 0°C to 500°C
- W. pressure: 300 psi

### Available size

Size (For valve tapping / plug)		Mating PRV Size		Length (mm)	Working pressure (psi)	Ref. No.
Inch	DN	Inch	DN			
3/8"	10	1-1/2" to 2"	40 to 50	250	300	V9901
1/2"	15	2-1/2" to 3"	65 to 80	300	300	V9902
3/4"	20	4" to 6"	100 to 150	350	300	V9903
1"	25	8" to 12"	200 to 300	400	300	V9904

**Note:** The standard pressure gauge and ball valve are ISO certified. UL/FM approved ones are available as an option.
