

Passive remote indicator (NFPA 72)

Passive remote indicator is connected directly to the fire detector so to visually display fire alarm status at a distance. It allows personnel on-site to immediately evacuate or respond to the alarm.

- Certificate: UL Listed
- Standard: UL 864, NFPA 70, NFPA 72
- Feature: LED indicator, built-in current-limiting resistor
- Material: ABS, white
- Temperature: 0°C to 49°C
- Humidity: 0% to 85%, non-condensing

Available size

Operating voltage	Standby current	Alarm current	Mounting	Dimension W x H x D (mm)	Ref. No.
2 ~ 3 VDC	0 mA	≤ 30 mA	Surface / recessed	65 x 65 x 31	A3901 (UL)

Note: For recessed installation, an additional backplate is required to mount the remote indicator to the back box.
